SUPPLEMENT TO

United States Government Publications

Monthly Catalog

1945—1946

Supplement to
United States
GOVERNMENT
PUBLICATIONS
Monthly Catalog

ISSUED BY THE

Superintendent of Documents

1945-1946

UNITED STATES
GOVERNMENT PRINTING OFFICE
WASHINGTON : 1948

Preface

This third and last Supplement to the Monthly Catalog lists all publications issued during the period January 1945 to December 1946, which have been received in the Library of the Public Documents Division, and which have not been listed in any catalog published by the Superintendent of Documents. Also included are entries for certain publications received in 1947 which were declassified, etc. In April 1947 the policy of listing only current publications in the Monthly Catalog was changed. Publications are now cataloged as received, and none are omitted merely because they are received late. This new policy will make further supplements unnecessary.

Conforming with the style of the current Monthly Catalog the entries presented herewith are in alphabetical arrangement by issuing office. A number has been assigned to each entry. The index included in the Supplement designates entry numbers rather than page numbers.
